

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

Perpetual Calendar	8
Calendar for 1919, showing the states and countries where holidays are observed on each date	9
Countries and Colonies of the World and States of the American Union and of the Common- wealth of Australia, arranged alphabetically, with list of the principal holidays in each .	89

Foreword

THE first issue of "Bank and Public Holidays" was so favorably received by the business community throughout the world that a similar volume, covering the year 1919, has been compiled. No effort has been spared to make it even more accurate than its predecessor, which has already come to be recognized as an authority on this subject. One important improvement has been made over the earlier volume—the holidays for the States of the American Union and of the Commonwealth of Australia are now shown separately (each in its alphabetical order) instead of being grouped under "Australia" and "The United States."

One of the most far reaching consequences of the great war has been the creation of several new nations, with the probability that still others will come into existence as a result of the peace negotiations. These changes will necessitate many alterations in this compilation of national holidays when the names, boundaries and forms of government of the new nationalities have been determined. For the present edition, however, the compilers have left the list of nations as it stood upon the signing of the armistices that ended actual hostilities.

The war has also introduced several elements of uncertainty into the question whether or not certain holidays will be observed during the year 1919. Some of the royal personages whose birthdays were formerly celebrated in certain parts of the world are no longer in the positions that entitled them to this distinction, and there is more than a little likelihood that other royal birthdays may

cease to have any public interest before very long. During the year 1918 enthusiasm for the aims and purposes of the Allies caused many of the Latin American republics to celebrate the Fourth of July as a national holiday out of compliment to the United States, the Fourteenth of July in honor of France, or the Twenty-first of July as an act of homage to Belgium. For the most part these decrees referred to the year 1918 only and did not make the date selected a permanent holiday. It is most probable that November 11 will in the future be observed as "Victory Day" in all of the Allied countries and in the United States, bills to that effect having already been introduced in many State legislatures and in Congress. Similar action is also reported from Uruguay.

For several years there has been a steadily increasing tendency to suppress all minor holidays, such as purely religious festivals, and confine the legal observation of holidays to dates of national importance. This has resulted in reducing materially the number of days officially recognized by Governments and strictly observed by banks and business houses. In this book the holidays most generally observed are shown in chronological order, while certain other dates of religious or local interest are frequently given in the foot-notes at the end of the list for each country. These notes have been considerably amplified and will be found to contain much interesting information.

In the following pages holidays are arranged in two lists. The first is in calendar form, with the states or countries in which each date is observed as a holiday indicated. The second, which is arranged in alphabetical order for convenient reference, comprises all

the holidays observed in each state or country, and the nature of the occasion—whether a church festival, a popular holiday, or a day commemorating some historical hero or event.

In compiling these lists the best available authorities have been consulted and acknowledgment is due to the kindness of readers of the earlier volume in many parts of the world in pointing out errors or suggesting improvements. Similar assistance with respect to the present edition will be welcomed. The book has been prepared as a help to bankers, merchants and manufacturers engaged in international trade, but no responsibility is assumed as to the correctness of any date. The cordial reception accorded to the 1918 edition encourages us to hope that this one will prove no less welcome.

COURTESY OF THE NEVINS-CHURCH PRESS, N.Y.

Holiday Calendar for 1919

Showing the States and Countries where Holidays are observed on each Date

In the alphabetical portion of the book each holiday is given the date that properly belongs to it, whether Sunday or not. In the following chronological section the name of the country is placed under the date on which it will be observed. Thus in the State of Alabama the birthday of Robert E. Lee is observed as a holiday. This falls on January 19, which is Sunday in 1919, and under the laws of the State the following day will be observed as a holiday. In the alphabetical section, therefore, under Alabama, the date is given correctly as January 19—with a foot-note explaining that the next day will be the one observed. In the chronological section Alabama appears under January 20—the day of the holiday and not under January 19. Columbus Day (October 12) and the Birthday of Edward VII (November 9) likewise occur on Sunday, while Empire Day (May 24) falls on Saturday and will be observed the following Monday in many parts of the British Empire. These and similar points are fully covered by the notes after the list of holidays for each State or country in the alphabetical section. In the case of religious or minor holidays occurring on Sunday no other date is given, since no further celebration of the event is probable.

Sunday is a legal holiday in every State in the United States and in all American territories and colonial possessions. It is also observed in most countries and colonies throughout the world. The general rule is not, therefore, repeated under each state or country, but exceptions to it are noted in the foot-notes wherever they occur.

An asterisk (*) indicates that the holiday is of limited observance, and also calls attention to the foot-note under the list of holidays in the country designated.

Wednesday, January 1

A holiday in every part of Europe except Bulgaria, England and Ireland, Greece, Rumania, Russia, Serbia and Turkey (where it is observed by foreign banks and merchants); in all of the European colonies in Africa and in Liberia and Morocco; in every country and colony in North, Central and South America; in all parts of Asia except Asiatic Turkey and China (where it is observed by the foreign community), and in Australasia and Oceania.

In the United States; in every State and Territory, in the District of Columbia and all colonial possessions.

July 4	Independence Day

STATE OF LOUISIANA—*Continued*

September 1.....	Labor Day
October 12†.....	Columbus Day
November 1.....	All Saints' Day
November 27.....	Thanksgiving Day
December 25.....	Christmas Day

*In the Parish of Orleans

In cities and towns where the population exceeds 10,000 every Saturday from noon to twelve o'clock midnight is to be known as a half holiday.

All general election days are legal holidays, whether Presidential, Congressional, State, Municipal or Parochial, in the localities where said elections are held. State elections are held every four years, the dates happening to coincide with those of the leap years, and Election Day is the third Tuesday of April.

†Whenever any day designated by law as a holiday falls on Sunday the following day will be a legal holiday.

Colony of Madagascar (French)

January 1.....	New Year's Day	
March 3.....	Lundi Gras	} Carnival
March 4.....	Mardi Gras	
April 18.....	Good Friday	
April 19.....	Holy Saturday	
April 21.....	Easter Monday	
May 29.....	Ascension Day	
June 9.....	Whit Monday	
July 14.....	Fête Nationale (Fall of the Bastille)	
August 15.....	Assumption	
November 1.....	All Saints' Day	
December 25.....	Christmas Day	

Various native holidays are recognized by the Government, but are little observed by the foreign business community.

Province of Madeira (Portugal)

January 1.....	Dedicated to Universal Brotherhood
January 31.....	Dedicated to the memory of all who fought and died to establish the Republic in Portugal
May 3.....	In memory of the discovery of Brazil by the Portuguese
October 5.....	The date of the establishment of the Portuguese Republic.
December 1.....	Flag Day. To commemorate the Independence of Portugal
December 25.....	Christmas Day

The Madeira Islands are regarded as an integral part of the Republic of Portugal, but all the holidays are here given separately for convenient reference.

State of Maine

January 1.....	New Year's Day
February 22.....	Washington's Birthday
April 19.....	Patriots' Day
May 30.....	Memorial Day
July 4.....	Independence Day
September 1.....	Labor Day
November 27.....	Thanksgiving Day
December 25.....	Christmas Day

Arbor Day is also observed as a school holiday in Maine, but is not a bank holiday. The date is designated by the Governor in a special proclamation, always being a day in the Spring. The second week in August is Old Home Week according to law, but no day in that week is a legal holiday.

Columbus Day (October 12) is also designated by law as a school holiday, but is not included in the list of bank holidays. (*Revised Statutes of Maine, 1916; Chapter 16, Sec. 109 and Chapter 40, Sec. 33.*)

STATE OF MAINE—*Continued*

Every Saturday afternoon from twelve o'clock until midnight is a half holiday (Chap. 40, Sec. 36).

State and national election days are legal holidays as regards the courts, which must close on those days (Chap. 42, Sec. 52). State elections in Maine are held biennially the second Monday in September. There will be no general election in 1919.

Colony of Malta (British)

September 1.....	Labor Day
November 27.....	Thanksgiving Day
December 25.....	Christmas Day

*As this date falls on Sunday in 1919 the following day will be observed.

All election days are holidays in Tennessee, being held biennially on the Tuesday after the first Monday in November on even years.

United States

There are no national legal holidays in the United States, each State determining by act of its legislature what days shall be legal holidays within its borders. The President's proclamation makes Thanksgiving Day a legal holiday only in the District of Columbia, although most States provide by law that any date appointed by the President as a day of fasting and prayer, or of thanksgiving, shall be a legal holiday in such States. The Governor of each State, is usually given power to designate certain days as holidays by proclamation. Election Day is expressly stated to be a legal holiday in the statutes of many States, but is not a holiday in others.

By Act of Congress the election days for representatives to Congress and for Presidential electors are uniform throughout the country, the Tuesday after the first Monday in November being designated by law. The only exception is the State of Maine which holds its Congressional Elections in September. Elections for State officials however, are occasionally held on other days. Throughout this book these exceptions are noted and where no date is stated, the Tuesday after the first Monday in November can be understood. The laws of the various states differ as to whether Election Day is a legal

UNITED STATES—*Continued*

holiday or not, but in the majority of cases it is expressly designated as a holiday in the year in which a general election is held. Very few states will hold elections in 1919.

In this book the holidays for each State and Territory in the Union, and for each American possession overseas, will be found in its respective alphabetical order.

Under the Negotiable Instruments Law now adopted by every State in the Union except Georgia and Texas every negotiable instrument is payable at the time fixed therein without grace. When the day of maturity falls upon Sunday or a holiday, the instrument is payable on the next succeeding business day. This Law has also been adopted by Congress for the District of Columbia, and in Alaska, Hawaii and the Philippines, but has not yet been adopted in Porto Rico.

Republic of Uruguay
